	980		T & G/H Joint/Hidden H Joint
	1200		H Joint

# Go for Walls and enjoy ...

## Key Benefits

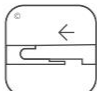

### Cost-effective & Low-carbon

  No grout no mortars, large size for quick-install

  Multiple options of installing way

 Replacement of wood and tile

### Excellent Performance

  Waterproof and moisture-proof

 Durable for long-term usage

  Impact resistance with solid core

  E1 safety guarantee, Level B fire rating

## Glossy Collection

Glossy collection with around 90° gloss shows similar visual and touching feeling of natural marble. Its surface is smooth but high anti-scratching, perfectly ideal choice of commercial or residential decorative panel.

## Matte Collection

The matte collection with natural matte gloss and soft touching, is a perfect copy of real tiles. It's new way for you to decorate your space with natural stone taste.

# Panel Shape Matters

Sometimes shapes tell a better story. Delicate varieties infuse plain SPC wall panels with the ability to create a dynamic, trendy and stylish expression in your space.

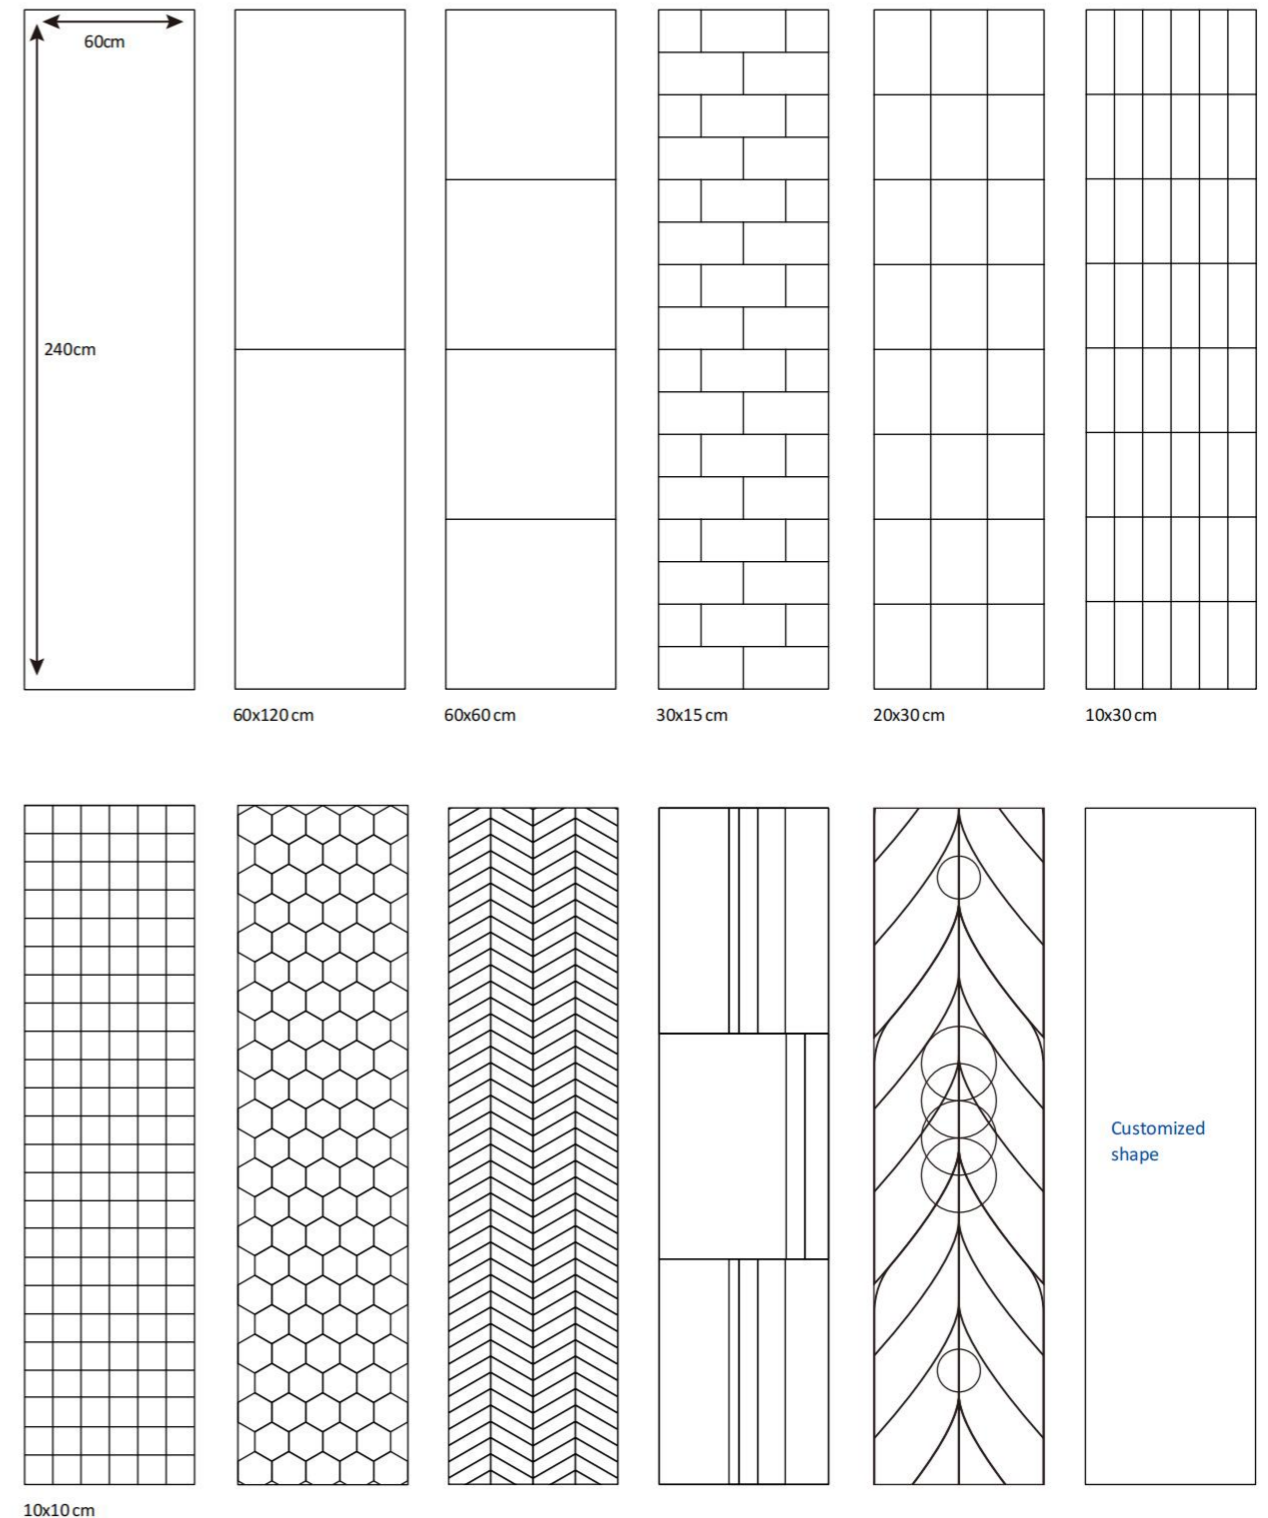

The choice is yours.  
Our collection has a  
design that you will love.

# Panel Shape Matters

Different designs create various vibes for every space in our range of SPC wall panel products. Color selection of grout lines will also deliver different dynamic visual experience. Even with the same pattern, we can help create diverse aesthetics, because of shape matters!

## Tile sizes

# Connect System

## T&G System

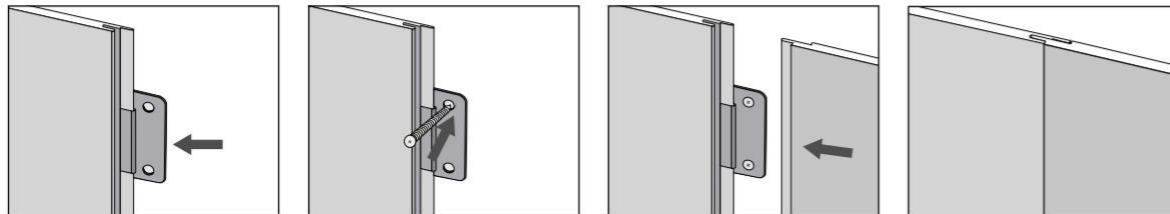

Flat Tongue & Groove with caps to fix tightly against wall, easy to install without seams.
